Transferable Skills Seminar

CAREER TALK

For PhD students and Postdocs

Oct. 23
16:30-18:00

School of Engineering B11
工学部 B11

The first presentation is by Hokudai alumni who is just graduated from faculty of engineering. You will hear his experience in the job hunting in Japan. The second speaker is a Ph.D. on electronic information processing from Tokyo University. Her story on series of experience in the industry and academia, including research laboratory of major US corporation and various post-doc posts in the Japanese research institutions and universities will include a lot of excitement and critical decision points where you can learn from her how she had overcome the challenges associated with the changes.

by Dr. Justin Shrestha
Ph.D. in Engineering

by Dr. Yingzi Jin (金 英子)
Ph.D.in Information Science and Technology
Abeam Consulting
